Special Dispatch to the Intelligence.

SAGINAW, Mich., August "92. The game to-day was one of the cleanest exhibitions of ball playing seen on home grounds, home runs by Kane and Wagner, winning it after the home team seemed to have it well in hand. Robinson and Hardesty played with Wheeling, notwithstanding President Power's notification that they belong to Jackson. The players say they did not get their pay and Delaplaine says he will fight the matter to the bitter end. Score:

BASE BALL COMMENT.

News and Comment Throughout the Inter-State Circuit.

Unless the Wheelings play off a postponed game at Saginaw this afternoon, they have played the last game of a disastrous trip. The team has played nine games and won only three. Tole-do was the stumbling block, the Swamp Angels taking four straight. To-morrow afternoon the Nailers will

open a series of fifteen games, on their home grounds. This will be the last eeries here with the western clubs. Six gams, possibly seven, are to be played with Fort Wayne. Then comes the three other western teams, after which the Wheelings leave on another west-ern trin.

According to the Intelligencer's special dispatch from Saginaw, the Wheeling management has disregarded President Power's order to "discontinue playing Robinson and Hardesty, who were taken from the Jackson team. Without an explanation this seems to be a rank case of mutiny.

CINCINNATI, August 9.—Louisville's errors and bases on balls won the game for Cincinnati to-day. The Colonels batter hard in spots, but profited not at all by Cincinnati's errors. Umpire Laily seemed to the crowd to be just a trifle unfair in three cases. In the eighth inning Clarke hit for, one base and Rogers drove a fly to left, which Burke muffed. Clarke in attempting to reach third was thrown out, at least so the umpire said. Clarke, however, ran to Lally and selzing him by the shoulders, shook him about till Lally lost his temper and struck at Clarke. Neither was hit. Police arrested both men at once and Rhims finished the game. Attendance, 5,000. CINCINNATI. AB. R. BH. PO. A. E. Third in Two Weeks.
CINCINNATI, 'August '6.—To-day there occurred the third 'row within two weeks on the base hall grounds here. Umpire Lally had several close decisions to pass on and he acted fromptly. In the cighth inning Clark, of the Louisvilles, siid into third. Lally called him out. Clark grabbeit the umpire and the latter struck Clark. Owing to the extreme heat there were only five thousand present. If if there had been as many present as of the previous two Sundays, the crowd would have closed in and there, would have been a riot. Clark resisted hirest and that made quite a str., but the police soon took him in. Umpire Lally went Third in Two Weeks.

The what Lawrence Friend, one of the Louisville team, who was not in uniform, was arrested on a warrant for attacking the officers with a bat while they were arresting Clark. All three were balled out and will appear in police court to-morrow.

Auson's Colts Victorious. Anson's Colts Victorious,
CHICAGO, August 3.—The Browns
lost the third straight to-day, by fearfully bad fielding. Briggs, for the
Colts, was wild, giving six bases on
balls, but his team batted opportunely
and supported him perfectly. Everitt's
batting, Pfeffer's and Parrott's fielding
and a sensational catch by Decker,
were the features. Attendance, 4,890.

A Saloon Robbed.

A Saloon Robbed.

Early Sunday morning burgiars pried open the rear door of Neil Quinn's saloon and secured all the loose change he had in the place. They carried the cash register to the back room and emptied it. Then they hit the slot machine for all it was worth, but they did that with an axe. Several bottles of whiskey were taken and altogether Mr. Quinn places his loss at about 23. The saloon was closed at midnight as usual on Saturday night and the robbery took place between that time and 6 o'clock. The front window shades, which had been left open, were closed so that no person could look in from the street. The entrance was affected with a "Jimmy." There is no clue to the robbers.

With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle efforts—pleasant efforts—rightly directed. There is comfort in the knowledge, that so many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Sygup of Figs, promptly removes. That is why it is the only remedy with millions of families, and is everywhere esteemed so highly by all who value good health. It is therefore all important, in order to get its beneficial effects, to bote when you purchase, that you have the genuine article, which is manufactured by the California Fig Syrup Co-only and sold by all reputable druggists.

If in the enjoyment of good health, and the system is regular, laxatives or other remedies are then not needed. If afflicted with any actual disease, one may be commended to the most skillful physicians, but if in need of a laxative, one should have the best, and with the well-informed everywhere, Syrup of Figsstands highest and is most largely seed and gives most general satisfaction.

There was a mysterious cutting affair on First street on Friday night. Walter Kelley was walking up that street in front of Mann's foundry,with his head down, when an unknown man jumped out and slashed at him with a knife, cutting a hole in his coat and shirt, above the abdomen, but doing no further injury. The assallant then ran down the street and disappeared in the darkness. Kelley's escape was a very narrow one.

A stranger dropped into Bellaire Saturday and inligied with the boys about town that night. Yesterday he appeared 4n the role of a detective and said he was here looking for a wife murderer. He gave a description of the man wanted to Marshal Pahra and told him he thought he was in Bellaire. The marshal thought he knew a party answering the description and the two proceeded to make an investigation. The fellow seemed to answer the description given and has only been here a few days. But the detective, who says the murder was committed in New York, had not revealed his own name and nobody knows anything about him, so the city authorities left him to take his course, as they have no other knowledge of any such murder. If he is a real detective and his description is correct, there may be some developments to-day.
